LETTER

FROM THE PHILIPPINES,

Which Is Of Interest to Our Readers.

2ND RESERVE HOSPITAL,
MANILA, P. I., Dec. 23, 1899.

MY DEAR MOTHER:—It is such a fine morning that I decided to occupy some of my time in writing to you. I am here in this hospital for treatment; have somewhat of a fever; at times feel broken down generally. Except to be all right in a few weeks. At times feel very weak, and again rather strong. I think the rest and being away from exposure on the firing line will build me up. When one is on duty at the front, exposed to all the elements, he has no chance to care for himself, as before the elements of medicine can act to do any good, it is counteracted by more exposure—rains, intense heat, etc.

Affairs remain the same here as they were some four months ago. Occasional skirmishes, but no decisive battle. The additional troops are now arriving and we all look for the whole affair to be brought to an end before the expiration of three months. It is reported now that a general advance is to be made on the first of November. How true it is, I cannot say, as it is only rumor, of which there is any quantity flying around.

The climate here is apparently delightful, but there seems to be something that affects the majority of men so as to render them weak and useless. Diarrhoea is the most common complaint, and in a great many cases it becomes incurable. Hospitals are full of such cases. The medical service here is very good, with one exception, and that is men who can not get better, or stand the climate, and are sent to the States soon enough. Many lives could have been saved had they been sent to the States in time.

Part of our regiment is again on the move with General Lawton. Our regiment seems to have made a record for itself, judging from the way it is always the first to make the advance, etc. Am glad I am not with it at present, as the marching over hills, through swamps and in the broiling sun and sleeping with wet clothes on would, think, completely ruin me in my present weak condition. If I get no better in a month I shall apply to be returned to the States for treatment in the hospital at San Francisco.

You will remember young Alexander. He died at the first reserve hospital. It is very sad.

I will be truly glad when things are all quiet here. I think as soon as affairs get settled down to a permanent peace here, all the regiments that came here first will be sent to the States, and the new regiments to stay here. Our regiment is the fourth one here of the regulars. So of course it will be the fourth to leave.

Now, I will close, sending tons of love for yourself and all at dear old home.

Yours loving son,

ARTHUR FITZPATRICK.

SALE OF THE PETERS ANNEX.

Bidding Was Lively—The Entire Farm Was Sold.

In compliance with the will of Judge B. J. Peters, his administrators, John Bott, of Shelby, and A. G. Peters, of this city, on Wednesday sold the old homestead containing about 135 acres, part of which is in the city limits.

The first division contained 84 acres, and included the residence. According to the requirements of the will this part was to be offered in lots and then as a whole, and the larger price was to prevail. The tract had been subdivided by streets. This work was done by Prof. M. J. Goodwin. These lots, 21 in number, were readily sold for a total of \$9,880. The largest lot was as much as five acres. Then the tract was offered as a whole and was bought by R. A. Mitchell for \$10,000. Evidently there were several much disappointed purchasers.

Another tract of 16 acres on south side had been subdivided into eight parcels. Two of these with one acre each were sold to H. C. McKee for \$127.50 and \$205. One with four acres to V. A. Rals for \$432.50. The following with two acres each were sold to Martin Ramsey, \$282.50; J. W. Clay, \$215; Peter Kelly, \$220; John Corbett, \$215; Sam. Sullivan, \$180.

The unimproved land was sold, Dr. J. A. Vancant buying about 60 acres at \$72, and John L. McCormick about 30 acres at \$60.

The entire sale aggregated \$17,522.50.

Capt. Jack Stewart was the auctioneer and pushed sales briskly. A. B. White was legal adviser for the estate.

This property is conveniently located, and is very desirable. What will be done with it the future will reveal.

THE JUBILEE REPORT

Of the American Christian Missionary Society.

The following report by Benjamin L. Smith was given at the convention in Cincinnati in October:
"A Jubilee shall that fiftieth year be unto you!"

"The fiftieth report of the American Christian Missionary Society is one full of facts and should make us jubilant. The society succeeded in securing the full \$100,000 for their Jubilee, an increase of \$50,000 over last year."

"The report recites the beginning of the work under the presidency of Alexander Campbell and the growth of fifty years. There has been raised and expended through the treasury of the Society \$550,500; supplemental funds raised on the mission field, \$2,300,000. There has come into being under the care and help of the National Board and auxiliary to that Board, forty-six State and District Boards of Missions. The missionaries of the General Board have organized 23,618 churches, and baptized 98,360 persons into the churches. The State Board report 295,158 additions to the churches by their missionaries."

"The American Christian Missionary Society has given to the church the various other societies; the Christian Woman's Board of Missions, which has raised \$770,000 since its organization; the Foreign Society which has raised and expended \$1,141,000 for Foreign Missions; the Board of Church Extension, which has raised \$236,000 for that work; the Board of Negro Evangelization, which has raised \$65,000 before its offering was united with that of the General Home Board; and the Board of Ministerial Relief, which has raised about \$29,000 or the help of aged and needy ministers. This is the briefest statement of our organized missionary work in its Jubilee Year—'Joy their fruits ye shall know them.'"

"The report for the last year is the record of the most prosperous year in our history; it is already known that the Society has increased its income from \$41,000 to \$100,000 in one year."

On Sunday, December 10, Mr. Nim A. Wills, who lives on State, celebrated his 76th birthday. A fine dinner was served to about 50 friends, of whom were T. H. Eastin and Wm. Steed, of this city, and J. TONNEY'S INJUNCTIONS.

Court of Appeals Decides the

Case of Mayor and Others

AGAINST THE JUDGE.

The case was Mayor Weaver, etc., vs. Judge Toney. Opinion was rendered by Judge Hazardrigg, four out of the seven judges concurring. Durrelle and Burnam dissent, and Guffy voted with the Democrats.

The opinion was lengthy and concluded as follows:

"From the averments of the pleadings, the exhibits filed and such of the correct history, as we may fairly take into consideration, we are of the opinion that the Honest Election Democratic party is a part and parcel or faction of the regular Democratic party, differing from the regular party in some of the local or State issues, but involving the intricacies of the platform of the last National Convention. We do not think it is a distinct political party, nor do we think it has claimed so to be or so regarded itself. While it may or may not be true that only such political parties as cast 2 per cent. of the vote at the previous election are the political parties entitled to inspectors under the statute, we think it reasonably clear such right is conferred to such a body of party as constitutes a distinct political party."

"We think the plaintiff Brown was not entitled to have inspectors admitted to the polls."

"Wherefore the order heretofore temporarily granted is now made perpetual."

SCOTT'S EMULSION OF COD LIVER OIL WITH HYPOPHOSPHITES OF LIME & SODA

It is exactly what they require; it not only gives them the important element (cod-liver oil) in a palatable and easily digested form, but also the hypophosphites which are so valuable in nervous disorders that usually accompany anemia.

SCOTT'S EMULSION is a fatty food that is more easily digested than any other form of fat. A certain amount of flesh is necessary for health. You can get it in this way.

Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation be taken out and this tube restored to its normal condition, hearing will be destroyed forever; none case out of ten are cured by Catarrh, which is nothing but an inflamed condition of the mucous surface.

CHRISTIAN GROWTH.

(Contributed by a Bath County citizen.)

We put a seed "to the ground and though the outside shell decays the germ of life which it contains spring up green and beautiful. With plenty of sun, rain and fresh air we expect to see it grow; we expect to see it bud, blossom and bring forth fruit; but if its growth is impeded, becoming unfruitful, we naturally look for the cause which is generally forbidding. Our heavenly Father renews the spirit of man, making it a "new dwelling for his own spirit, which he puts within us, then looks for growth. None but infinite patience would wait for it is a very long while before it is visible—sometimes many years—because the progress of the new life depends so closely on the death of the old—our old man, which was crucified with Christ. There is a multitude of weak, unfruitful Christians, and many remain so all through life. What is the cause of this barrenness? The old nature is still strong, effectually retarding spiritual growth. The Holy Spirit never forces his way. There must be a voluntary giving up of self and sin and the will, which is so hard to yield, and there should also be a degree of spiritual hunger. It is the Holy Spirit who strengthens the faith, and he will do so in answer to the prayer of faith.

There is an abundant supply of spiritual food for the nourishment of every Christian; the bread and water of life is free to all, and none can be strong without receiving a large amount daily. When a soul feels its need, and hunger and thirst after God, and God alone, there will grow—rapid, spiritual growth. The hindrances will only be incentive to a greater degree of faith. God loves to lead the waiting soul by himself. Our Father patiently waits and watches; for what? For the image of His dear son in us. He wants the likeness to come out clear and distinct, so that others will see (not us) but Christ in us. Every Christian should seek to attain this growth. He will be filled with the Holy Spirit. We must be daily readers of God's word. We must know what our Heavenly Father wants us to do, and then do it with all of our strength. God will not accept half way obedience. We must give up self and be entirely dependent upon our Heavenly Father; go to him in prayer, fervent prayer, consult him about everything we do, and pray that we would not have to do or would not approve of. We should thank God every night we retire, for His watchful care over us during the day, and ask Him to forgive whatever He has seen amiss in us, and to increase our faith in Him day by day. We must speak when He speaks, and be silent when He is silent. We must not add to nor take from His words. Let His words be true though it makes every man a liar. He did not call upon traitors to assist Him in His plan of salvation. He gave us His commands to be obeyed, not to be set aside and man's opinion substituted. There is only one way to grow in the grace, and that is to obey God's commandments, not man's commandments. We are commanded to search the scriptures, for in them we think we have eternal life, and "they are they which testify of me." John 5:39. We can't testify of our blessed Jesus unless we know what to testify about. We must read the word daily. Read 3 Pet. 1:6-9.

It is said a form of government similar to that granted Louisiana at the time of the purchase by the French is favored by the President and all the members of the Cabinet. DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmor's Swamp-Root, the great kidney, liver and bladder remedy. It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmor, the eminent kidney and bladder specialist, and it is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmor's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found to be the remedy you need. It has been tested in so many ways, in hospital work, in private practice among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmor & Co., Binghamton, N. Y. The regular fifty cent bottle of Swamp-Root, dollar sizes are sold by all good druggists.

THE NEW YORK WORLD,
THRICE-A-WEEK EDITION.

Almost A Daily—At the Price of
a Weekly.

The most widely circulated "weekly" newspaper in America is the Thrice-A-Week edition of the New York World, and with the Presidential campaign now at hand can not do without it. Here are some of the reasons why it is the leader in dollar a year journalism.

It is issued every other day, and is to all purposes a daily. Every week each subscriber receives 18 pages and often during the "busy" season 24 pages each week.

The price is only \$1.00 per year. It is virtually a daily at the price of a weekly.

Its news covers every known part of the world. No weekly newspaper could stand alone and furnish such service.

The Thrice-A-Week World has at its disposal all of the resources of the greatest newspaper in existence—the wonder of modern journalism—"America's Greatest Newspaper," as it has been justly termed—The New York World.

Its political news is absolutely impartial. This fact will be of especial value in the Presidential campaign coming on.

The best of current fiction is found in its columns. These are only some of the reasons; there are others. Read it and see them all.

We offer this unequalled newspaper and THE ADVOCATE together one year for \$1.65.

The regular subscription price of the two papers in \$2.

It's up to the People.

Less than a year remains in which

to gather facts, and information that

will influence your vote for the next

president of the United States.

That grievous wrongs have been

committed, and grave errors allowed

to exist without effort at correction,

is evidenced by the speech, writings, and

comments of eminent statesmen and

jurists; congressmen and leaders men

of business; professors and clergymen

in every state.

Party affiliations have been ignored

in the outcry against trusting aside

the safeguards of our fathers and rushing

pell-mell into the affairs of Europe.

The situation is a deplorable one if

not alarming; as is also our domestic

affairs dominated by gigantic trusts.

The evils are not of spontaneous

growth! They are the result of years

of labor and expenditure of millions

of dollars! Beginning with the displacement

of American silver for English gold, the cunning of England's

diplomacy in shaping the destiny of our

Republic is apparent to any ordinary

observer seeking the true inwardness of events.

The Cincinnati Enquirer has frequently

called attention to each and every move as it

was transpiring, and during the campaign of 1900

presented its readers with a truthful picture of the truth. Partisan prejudice, with the trusts as dictators,

is a far more degrading slavery than that which existed

previous to the Civil War of '61-64.

To the United States alone have a representative capital

greater than all the gold and silver in the world. These

spend many more millions of dollars to suppress

truth and facts and mislead all who fail to look beyond

their plausible deceptions. Read the Enquirer and you

will be able to discern the truth and combat falsehood.

A victory for the trusts and the McKinley Administration in 1900 will end

the era of greatest good to greatest number.

In Memoriam.

The death of Mr. Little Shelton, wife of Frank Trimble, at her residence, Memphis, Tenn., 99 marked the saddest event in the history of the Trimble home. She was of three years ago so deeply afflicted by a system that she never fully recovered, though her health of late had been reasonably good. On Thanksgiving day she fell ill, and continued to grow worse until the end came. Loving hands ministered to every want; watchful eyes guarded the long illnesses of the night; friends and relatives offered every assistance at the bedside, but all in vain. God had marked her for his own. His finger touched her and she slept. Her almost painless death was like the falling to sleep of a babe in its joyous innocence. The Angel of Death was to her a welcome guest, and when it became evident to her that her wasted body was about to be enveloped by the shadow of His wing, she looked longingly at her loved ones, and whispered to death's messenger "Make haste! Make haste!" These were her last words. She revered her home and graced it like an uncorrupted queen. Nothing seemed too great for her to sacrifice for the happiness of friends, and even on her deathbed, she was ever solicitous of the welfare of the members of her household, never complaining of her own condition. Her bright and sunny nature shed happiness all about her, and filled the dark places in life's journey with sunshine and cheer. Truly, "none knew her but to love her, none named her but to praise." Her married life was a happy one, covering a period of nearly 30 years, having been married Jan. 26, 1870. She was the daughter of E. H. and Mary Shelton, the former now deceased, and who was one of the most prominent lawyers in West Tennessee. She was a consistent member of the St. Thomas Episcopal Church, and was received to its membership in infancy. The funeral services, conducted by Rev. Noll, were held in the old Shelton home at Somerville in the room in which she was married, and the remains were laid to rest beneath a profusion of flowers in the Somerville Cemetery on her 47th birthday. Her life was no worthy of her creator. Peace be to her ashes, and God bless her memory.

SANTA CLAUS.

The Reindeer, The Cutter, Santa and His Gifts.

The most attractive and realistic Christmas show is the gifted genius of J. C. Graves on exhibition in the front window of the shoe store of Punch & Gatewood, corner of Main and Mayville streets. It is artistic taste and talent that gives the Christmas idea and advertisement of wear. Santa Claus, clothed for all kinds of weather, gray bearded with the ages, in a beautiful cutter drawn by a veritable reindeer. The cutter is laden with women's and men's beautiful slippers, the latest and most attractive line of shirts, collars and cuffs, kid gloves, suspenders, etc. The harness for the reindeer is made of every shade of peck wear. The window is a beauty, and a credit to a professional window dresser.

There are friendship ties and business ties, and family ties from birth. But you'll find the ties we advertise. Are the prettiest ties on earth.

Hot times a-brewing among the Boers, all detested candidates of prominence to be called to meet at sum convenient time for the purpose of holding a digesting political meeting the place for holding the type has not yet been decided on. Howards mill is wanting the delegates to make that point the place as it has the best railroad and steamboat connection, the camargo commercial club claims to have it as it has the best hotel for the accommodation of large crowds any way either of the two cities are well equipped for such occasion it would be useless to select a place for the setting of a political pulverizing machine without noting whether there were a sufficient quantity of tam rascals to keep delegates brains in circulation when an important job like analyzing state pies to be done. The object of this job is to see if the republicans have stolen sum of the democratic grub and if so I want them to divide up on the square, our idea is to never give up a thing unless it is to hot to handle. SOCIAL EVENTS.

On Tuesday afternoon, December 12, from 3 to 5 o'clock, at her pretty and commodious home in Winchester, Mrs. M. T. McEl. downy received about sixty lady friends. The house was decorated with holly, smilax, carnations and chrysanthemums and lighted by pink candles in silver and glass candelabras. She was assisted in receiving by her sister, Mrs. M. G. Buckner, of Washington, and Mesdames Ishmael, Anderson, Bev. Joutet and Waincoat. Misses Bagby, Boswell and Buckner presided in the dining room where an elegant lunch, consisting of sandwiches, coffee, almond wafers, olives, bonbons with fancy cakes and ices designed in fruits and flowers, was served. The soft strains of music by a string band added pleasure to the general attractiveness. Mesdames Cassidy, Tibbs and Trimble, of this city, mother and sisters of the hostess attended.

On Friday afternoon the Misses Turner entertained at their handsome home on Maysville street in

An option was held upon a certain well-located plot, but before the option expired a saloon man bought the property and put up a place of business. The Rev. Geo. N. McDowell, with two assistants, has a promising congregation in Havana. Protest has been made to government officials concerning the ignoring of the option.

Rev. W. J. Bolin returned from Carthage, Ill., last Saturday and preached two excellent sermons for his congregation Sunday morning and evening. It was painful to the pastor to rebuke those thoughtless young men who were talking during services.

AGAINST MIDWAYS.

Bishop McCloskey Deals a Hard Blow At the Recent Street Fair.

Bishop McCloskey, in his pastoral letter, which was read in all the Louisville Catholic churches Sunday, warned Catholics against joining secret societies as follows:

"Dearly beloved, there is another matter on which we should dwell for a moment, and that is, the risk Catholics run in joining the secret societies of our non-Catholic brethren, whether those societies are condoned by the church or not. For, first of all, there are, as a rule, special religious rites connected with these societies, in which Catholics can not in conscience take part; and if these rites are of such a nature as to be practically a denial of the true faith, participation in them would involve grave culpability. And if any of these secret societies of which we are asked were to introduce into their public celebrations or street fairs any of those shameless Midway dioramas, or those equally shocking Oriental dances whose costume is very little different from the one in which they first came into the world, surely Catholic members could not by any special pleading shift from their consciences the deep accountability in which such deeds imply. Better for them they had never been born. Then, again, if such Catholics be individuals whose wealth or profession or general standing in society gives them a certain prominence, they are culpable in this, that they are a perpetual scandal to their weaker brethren."
